PASTOR REPORT		
Use of San Felipe for Homeless	Father Smith requested advice from the council on how to answer a parishioner email requesting the use of San Felipe as a night time homeless shelter during the winter months. The council members discussed that they would need detailed information on how one might accomplish this since the parish has no current resources to make it feasible. They also commented on prior history when previous use of the hall was halted due to security reasons after an incidence of assault. The council members agreed that opening up San Felipe as a temporary shelter would be ill advised.	
Synodal Parish	Father Smith reported that the listening forum was completed and the process to establish a Synodal parish will continue.
